EDUCATION

Software Engineering Technology - Artificial Intelligence Advanced Diploma   Sept. 2021 - Present
Centennial College, Toronto, ON   *Current GPA of 4.37/4.5*

Relevant Courses:

Java Programming	Software Engineering Requirements	Unix/Linux OS
Web Interface Design	Client-Side Web Development	Database Concepts
Software Systems Design	Intro to Artificial Intelligence	Programming 1 & 2

ACADEMIC PROJECTS

Database Concepts
- *Oracle SQL including DDL, DML, DCL TCL commands*
- Created an e-Commerce database schema which included multiple, relationship-dependent tables

Programming II
- *Advanced C# concepts, object-oriented programming*
- Created a Windows Forms 'Student Information Application System,' which stored objects in a list and accessed them successively by way of user input

Client-Side Web Development
- *JavaScript, HTML, CSS*
- Designed a JavaScript enhanced, web-based Photo Gallery which allowed the user to scroll through a list of images and add/remove preferred images to/from a 'favorites' list

OTHER EXPERIENCE

Warehouse Dispatcher   June 2015 – July 2019
Logistic-Solve Inc.   (Etobicoke, ON)
- Responded to 30-50 phone calls/emails per shift
- Responsible for inventory maintenance which involved updating the company's inventory database
- Verify merchandise to be dispatched by matching barcodes on products to those on billing receipts
